Neal,

I wanted to take a moment to thank both you and your staff for the caring and professional service you provided Cari and I during the sale and purchase of our homes. Having gone through the home buying process several times, I am comfortable stating that your team's communication and white glove treatment was far above and beyond any of our past experiences. It is no wonder why as I drive through the Santa Clarita Valley, I am blinded by "SOLD by Neal Weichel signs". We look forward to referring you to our friends and neighbors.

Thanks for everything
